This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

**Usage guidelines**

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

**About Google Book Search**

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

* Exclusive of additional Beer and Spirit duties collected for Local Authorities (*see* Table No. 14, pp. 36–7).

† It will be observed that the net receipts brought to account in the year 1898–9, viz. - - - - £ 21,558,227
exceeded the Exchequer Receipts (*see* Table No. 4, p. 8), viz. - - - - - - - - - 20,850,000

by - - - - - 708,227

This difference is due to abnormal Clearances during the last few days of 1898–99 on account of :—

| | £ |
|---|---|
| (*a.*) Tea, estimated at - - - - - - - - - - - - | 100,000 |
| (*b.*) Tobacco, estimated at - - - - - - - - - - - | 610,000 |
| Total - - - | 710,000 |

Such clearances were made in anticipation of a possible increase of the duty on these articles. The amounts thus collected in 1898–99, which properly belonged to 1899–1900, were accordingly held over and not paid into the Exchequer until after 31st March 1899.

‡ Exclusive of Local Taxation Licences collected for Local Authorities (*see* Table No. 14, pp. 36–7).

NOTE.—*The figures in the above Table (No. 6) give the amount of the actual* net receipts *derived from the Customs, Excise, Estate, &c., Duties, Stamps, and Taxes due to the Exchequer; and do not therefore correspond exactly with the figures in Tables Nos. 2 and 4, which give the payments made into the Exchequer* "Exchequer Receipts," *on account of these duties in each year.*

* Prior to 1894–5 all Death Duties were included under the general head of Stamps.

† Exclusive of proportion of Duty collected for Local Authorities (*see* Table No. 14, pp. 36–7).

¶ The net receipt of Property and Income Tax represents the amount of Tax actually collected within the year (irrespective of the year of assessment) less the amount of Tax refunded, &c., within the year (see note § on page 39). The amounts under the several schedules show the approximate net receipt of the Tax based on the assessments of property and income under each schedule.

Note.—*The loss to Revenue caused by the reduction of Taxes is in most cases less than the gain which the reduction affords to the taxpayer, because the loss to Revenue is generally recouped by an increased consumption or use of the articles taxed consequent upon the lowering of the duty. Hence the loss is not necessarily the measure of relief to the taxpayer.*

* Ultimate estimated loss. ‖ Yield in 1892–3. ¶ Included a small estimate of sums yet to be reported.

† The sums inserted here are equivalent to the gain in 1894–5 (shown in that year), when the duty was correspondingly increased. But notwithstanding the decrease of the rate of duty there was an increase of 19,661*l.* in the Customs Revenue from Foreign Spirits, and of 334,000*l.* in the Excise Revenue from Spirits.

Note.—*The loss to Revenue caused by the reduction of Taxes is in most cases less than the gain which the reduction affords to the taxpayer, because the loss to Revenue is generally recouped by an increased consumption or use of the articles taxed consequent upon the lowering of the duty. Hence the loss is not necessarily the measure of relief to the taxpayer.*

‡ The apparent changes in the area under grass in 1906 as compared with previous years are largely due to greater care in classification in the Irish Agricultural Returns and to the transfer of some grass lands from one category to another, while certain areas previously included as pasture are now included in a new item, "grazed mountain land."

NOTE.—Most British Joint Stock Banks are registered under "the Companies' Act, 1862, and consequently, the bulk of the Capital of such concerns is included in the figures given in the above Tables. With the exception of Municipal Tramways, the majority of the Companies working tramways in the United Kingdom are registered under the Companies' Acts, and their Capital is accordingly also included. Railway Companies in the United Kingdom are not incorporated under the Companies' Acts, but by special Acts of Parliament, as they need powers beyond those conferred by registration under the Companies' Acts. Their Capital is, therefore, not comprised in these Tables.

* The Stannaries Court was abolished on the 1st April, 1897, under Act 59 and 60 Vict. c. 45.

§ On the 1st November in each year.
‖ The decrease between 1898 and 1899 is due to the number of men called out in the latter part of 1899 for active service. The number so called out form part of the Regular Army, but the increase in the number of the Regular Army, shown in the previous Table does not correspond with the decrease shown in this Table, because the average strength of the Regular Army for the year is shown and not the number at a given date as in the case of the Army Reserve.

† The figures given in these columns include 393 men and 415 women who, at some time before entry to the Training College, had been recognised as Certificated Teachers.

‡ The figures for these years include a certain (unascertained) number already recognised as Certificated Teachers, who took the Examination in order to improve their status.

The figures are not given here, because in many cases they include particulars which cannot properly be compared with those given in this table. The term "Secondary School" bears the meaning assigned to it in the Board of Education's "Regulations for Secondary Schools."

† The figures include, as regards a comparatively small number of schools, the number of scholars on 30th November instead of on 30th June.

NOTE :—For expenditure on relief of the poor, see Table 27, p. 59.

* Excluding those in County and Borough Asylums, Registered Hospitals, and Licensed Houses.

† The numbers given are the total numbers returned from each Union as relieved on the 1st January or the 1st July including those discharged from and admitted to the Casual Wards during those days. It is probable that they include a certain number who received relief in more than one Union on the same day.

‡ The figures in this column represent the net total of persons relieved, after making the necessary deduction in respect of certain persons counted twice in the preceding columns, such, for instance, as persons who received indoor as well as outdoor relief on the days mentioned.

§ Of the total number of insane paupers returned as receiving outdoor relief on the 1st January in 1893, the number shown as being in county and borough asylums, etc., is taken from the Reports of the Lunacy Commissioners.

The numbers of insane paupers in receipt of Outdoor relief on the 1st July cannot be distinguished from those in county and borough asylums, etc., for the years previous to 1894. The numbers are therefore only included in the column headed "Net total of persons relieved."
